

# sales policy

## General

### **Deposits**

Deposits are to assure the breeder that the purchaser will return for their goats. They are also a way for the breeder to make up for lost money if a sale should fall through, so for this reason a deposit cannot be refunded.

**Cash** is the preferred method of transaction. Checks will be accepted for deposits *only*.

## Kid Sales

**Kids will be weaned at 10 weeks of age.**

### **Doelings and Bucklings:**

A deposit of \$100 will hold the kid of your choice until he/she reaches weaning age. When you place your deposit, you will be able to choose his/her name! Shire Ridge will then register the doeling or buckling through the ADGA free of charge. If the kid is registerable in the NDGA and/or the AGS as well, paperwork will be provided at the time of sale for the purchaser to complete if they choose.

### **Wethers:**

A deposit of \$50 will hold the wether of our choice until he reaches weaning age. He will be sold with paperwork for registration in the NDGA, if applicable.
